

Musgrave wants Johnson's exit open

WASHINGTON, D.C. — Republican Representative Marilyn Musgrave called on Colorado Transportation Secretary Tom Norton to ensure that the Johnson's Corner exit does not close because of development along parts of Interstate-25.

Johnson's Corner, which is located on Exit 254 on the interstate, is the only major truck stop between Denver and Cheyenne. In a statement released by the Colorado congresswoman, the stop generates over \$1 million in state highway fuel taxes annually.
