

For Rep. Musgrave

Rep. Marilyn Musgrave, R-Colo., deserves our praise and thanks for the great job she is doing in Congress.

As someone who was born in Mexico, it has long been a dream of mine to become a contributing member in my community and ultimately become an American citizen. After going through a maze of procedures and filling out endless amounts of paperwork, it seemed as though there was too much red tape for my dream to ever come true. All this effort was happening while I worked my way through college and then while I took on my first post-college job as an investment banker at U.S. Bank in Denver.

As hard as becoming an American has been, it now seems that my dream will come true after all. Because of Musgrave's dedicated staff, I will become an American citizen in less than six months. I cannot tell you how much joy this brings to me and my family. I want to offer a big public thank-you to Congresswoman Musgrave for being our representative in this great country of ours, and a special thank-you to her staff, and specifically Nancy Hunter, for making my dream of being a U.S. citizen a reality.
